

Guest Speaker Jack Bingleman, Founder of the Business Depot/ Staples Canada

Regardless of the size of your family business, there are lessons to be learned from Jack's story as a retailing maverick. Looking at the retailing landscape in 1990, Jack identified a need for a Staples or Office Depot-type retailing experience in Canada. Using his decades of experience as a senior executive in the retailing industry, he approached Staples US, and the rest they say is history.

Jack C. Bingleman serves as the President of JCB Consulting LLC.

Mr. Bingleman served as the President of Indian River Asset Management Inc. since 2001. As senior executive of large businesses such as Beaver Lumber, The Business Depot Ltd., and Staples International Inc. (Europe) for over 30 years, of which 15 years as President and Chief Executive Officer, he oversaw the preparation of business plans, long-range plans and budgets, and conducted, as a senior executive, annual, quarterly, monthly and weekly financial reviews. He held a number of executive positions with Staples Inc., including President of Staples International from 1997 to 2000.
